Summary

Full-Stack Developer with a strong foundation in UX/UI design and modern web development. Passionate about building scalable, high-performance applications that deliver exceptional user experiences. Skilled in responsive design, component-based architecture, clean code practices, and cross-functional collaboration to deliver product-driven solutions. I'm highly motivated by continuous learning, problem-solving, and contributing to innovative, user-centered digital products in agile environments.

Education

UNIVERSIDAD ARGENTINA DE LA EMPRESA (UADE)

Bachelor's Degree in Multimedia Design and Interaction

Buenos Aires, Argentina

2019 - 2024

INSTITUTO SANTA MARÍA

Experience

REALT

Full-Stack Developer

Boca Ratón, Florida, United States

August 2024 – Present

- Own the technical direction of the project — onboarded incoming developers and presented architecture and roadmap to internal stakeholders including company leadership.
- Develop and maintain scalable web applications across the full stack, including user authentication, payment integration, and API communication.
- Design and develop responsive interfaces optimized for accessibility and performance across devices.
- Technologies: Next.js, NestJS, Supabase, PostgreSQL, GraphQL, Tailwind CSS, Figma.

PACK EVENTOS

Web Developer & Designer

Buenos Aires, Argentina

March 2023 – Present

- Design and develop the official website for a food distribution company, including an admin panel and ongoing updates for products, pricing, and content.
- Technologies: Next.js, PostgreSQL, Supabase, Tailwind CSS, Figma.

CANLE PROPIEDADES

Multimedia Designer

Buenos Aires, Argentina

February 2023 – August 2024

- Created audiovisual content and managed social media strategy (Instagram, YouTube).
- Designed communication pieces and managed CRM property listings via Adinco, improving client experience.

FREELANCE PROJECTS

Web Developer & Designer

Buenos Aires, Argentina

January 2021 – Present

- Delivered end-to-end web solutions, from UX research and UI design to frontend development, tailored to diverse client needs.
